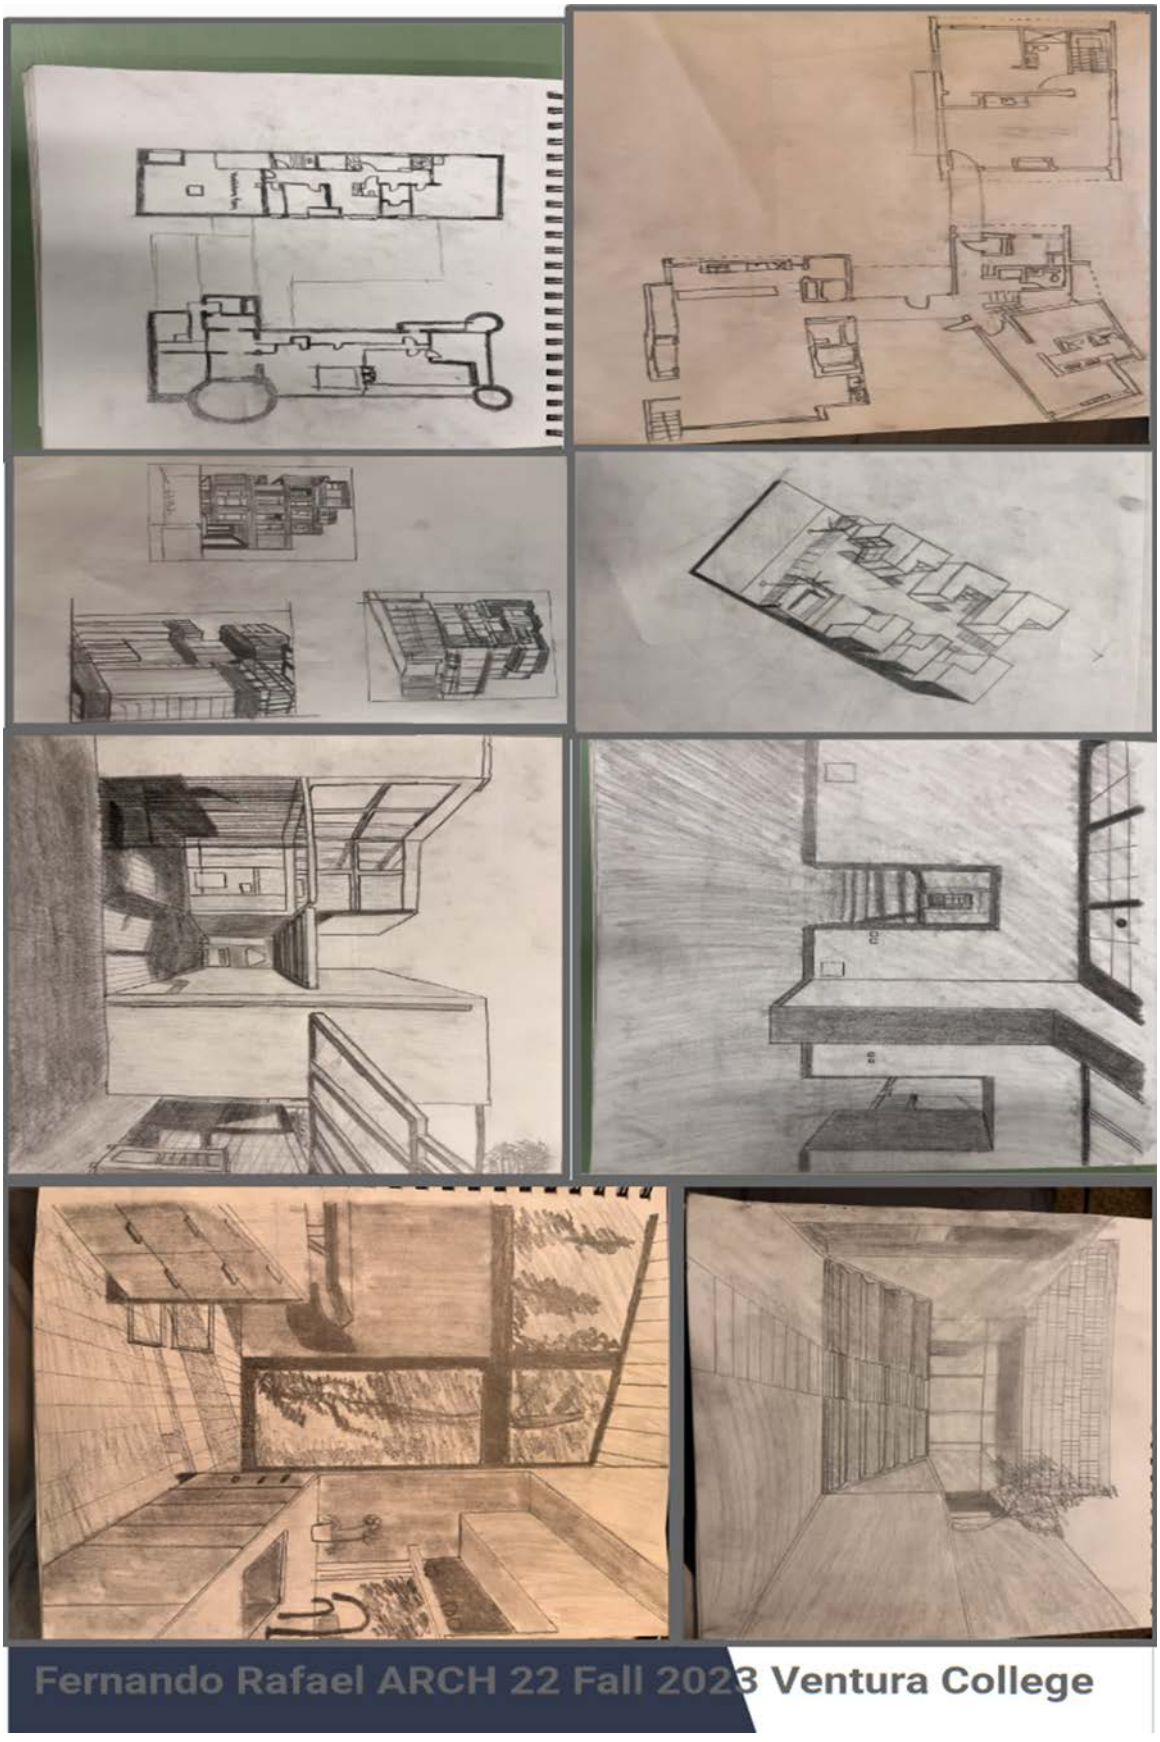
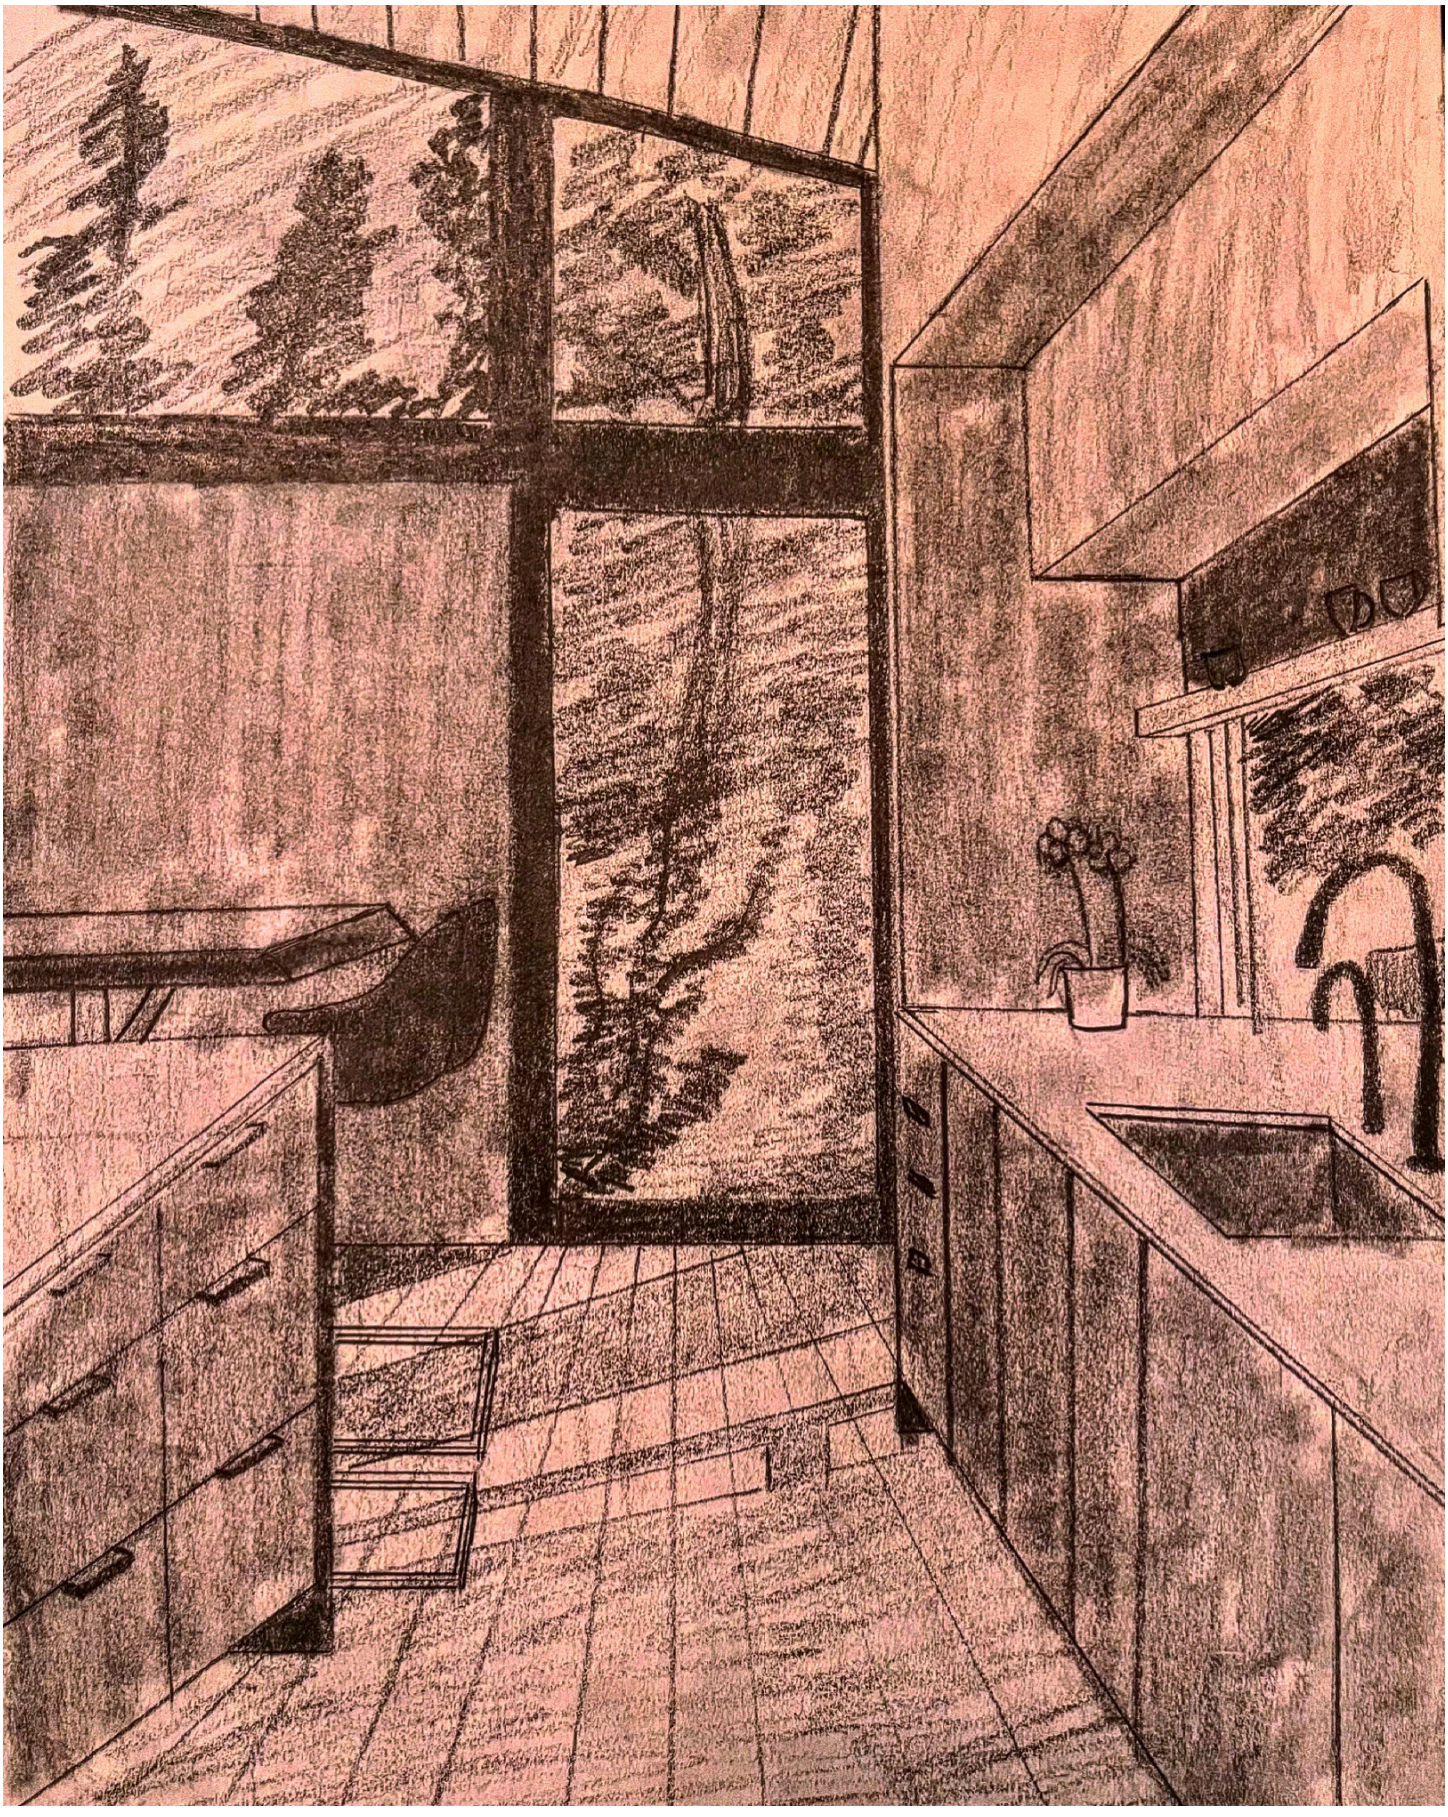
ARCH V22

My skecthing class and we picked the best sketches we thought were great. Using techiques taught in class and presenting them. I have developed proper shading techniques but also learned how to draw in persepctive and give drawings life. My final project is presented here however, I have provided an upclose picture to demostrated technique.





ARCH V33

This was my Computer Applications in Architecture class. We was mainly focused on re-fining and becoming more detalstic towards our final projects. We have slowly mastered and became advanced at using Revit. We have practiced enough to make final drafts worthy
